

Financing

Financing through IPS makes your decision to purchase IPS equipment simple and hassle-free.

Financing Made Easy

We offer application-only and full financial programs with competitive fixed-payment lease or loan structures, and locked interest rates. A variety of loan types of buyers ranging from small businesses to Fortune 500 companies across the United States.

Because there are nearly as many financial terms, options, and structures available as there are customers, IPS Financing offers a full menu of products to get started.

Leases

Leases can offer significantly lower monthly payments and may have tax benefits. There are three primary types of leases offered by IPS Financing as outlined below. Due to the various options available, please contact your IPS Financing representative to discuss a custom solution for your needs.

- Capital Lease
- Municipal Lease
- Fair Market Value (Operating Lease)

Terms of 24—60 months
(72 months available on a
case-by-case basis)
